Did you know that 56% of Americans can't cover a \$1,000 emergency expense without borrowing? Common surprise costs—like car repairs (average \$500–\$600), medical bills (average \$1,200), or a broken appliance (average \$400)—can add up fast. Setting aside even a small amount of money each paycheck can help you stay prepared and stress-free when life throws you a curveball.

With a Wisely[®] digital account¹ you can build a savings safety net to help you stay prepared.

¹ The Wisely card is a prepaid card. References to a digital account refer to the management and servicing of your prepaid card online digitally or through a mobile app. The Wisely card is not a credit card and does not build credit.

NEED THE PAYLOCITY APP?

TRANSPORTATION MANAGEMENT ACCOUNT (TMA)

Save on Work-Related Parking & Transit

WHAT IS A TMA PROGRAM?

A TMA is a pre-tax benefit that allows team members to pay for **work-related** transportation and parking expenses. This account reimburses team members for expenses such as buses, vanpooling, and subway or commuter-train costs. Not only does a TMA offer team members a way to save money on daily expenses, but also provides a green alternative that helps the environment!

Team Members who participate in the TMA program have increased spending power and substantial tax savings because they are using tax-free dollars to pay for qualified expenses.

WHAT PLANS CAN BE OFFERED UNDER AN TMA?

There are two plans offered under a TMA: Parking and Transit. In 2026, team members are eligible to contribute up to \$340 monthly to each plan.

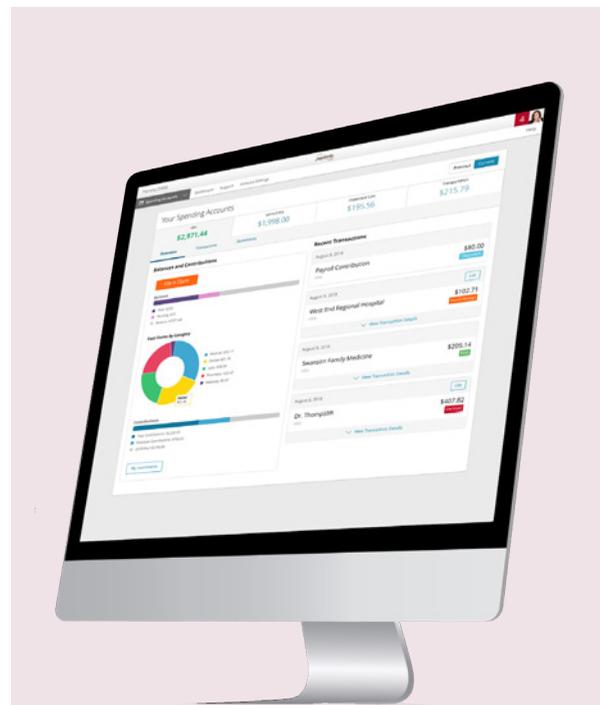

The Parking plan reimburses team members for parking expenses related to work such as paying to park in a parking garage at or near the their place of employment. Under the Parking plan, expenses such as parking at or near a mass transit station are also reimbursable.

The Transit plan provides reimbursement for work-related transit expenses such as bus, ferry, and subway fares.

Team members should estimate their monthly transportation and/or parking expenses. This amount will be evenly deducted from their paycheck on a pre-tax basis each pay period.

Team members are allowed to make changes to their election once monthly at anytime throughout the year. Any unused funds are rolled over from month-to-month.

Team Members use Paylocity's Debit Smart Card to pay for qualified parking/transit expenses at approved merchants. If participants are unable to use their card for purchases, they may submit a claim for reimbursement. Expenses will only be paid up to the amount available in their account.

THE PAYLOCITY DIFFERENCE

With Paylocity's game-changing benefit administration technology, you can offer the same great TMA, but with an easily accessible, enhanced team member experience. Because this program is through Paylocity, team members can access their TMA in the same place they request time off or view paystubs, streamlining disparate systems and time-consuming tasks.

TRANSPORTATION MANAGEMENT ACCOUNT (TMA) Eligible Expenses

Per IRS regulations, the following, while not intended to be complete, illustrates examples of eligible transportation and parking expenses. Expenses must be incurred during the Plan Year from which you are requesting reimbursement. Expenses are considered incurred when service is rendered, not when service is billed or payment is made. Expenses cannot be reimbursed in advance of the date service is rendered. Expenses are those incurred in connection with travel between the employee's residence and place of employment.

ELIGIBLE TRANSPORTATION EXPENSES

Any pass, token, farecard, voucher, or similar item that entitles a person to transportation on mass transit facilities.

Mass transit facilities may include: bus, ferry, rail, subway, monorail, streetcars, and tramcars, among others.

The three types of vanpools that may qualify as a qualified transportation fringe benefit are: employer-operated, employee-operated, and private or public transit-operated.

ELIGIBLE PARKING EXPENSES

Parking is "provided" to an employee if the employer pays (directly to a parking lot operator or by reimbursement to the employee), or the employer provides the parking on premises that it owns or leases.

Parking provided to an employee at or near the business premises of the employer.

Parking provided to an employee at or near a location from which the employee commutes to work by mass transit, vanpooling, or in a commuter highway vehicle, by car pool, or by any other means.

Note: Does not include parking at or near employee's home.
